

micromolar cupric sulfate.

CJ *do*
3) incubating the extract for at least 16 hours, and
exchanging the incubated extract into a buffer without
urea. --

REMARKS

Support for new claims 16 and 17 can be found throughout applicants' specification, for example at page 37, final paragraph, and in Example 11 in the disclosure under the subheadings "Purification of Humanized 5G1.1-scFv from E. coli" and "Purification of m5G1.1-scFv from E. coli", spanning pages 80-83. No additional fees are believed to be required by this amendment, but should any such fees be required, the Commissioner is hereby authorized to charge any such fees to deposit account 01-0483. Entry and consideration of new claims 16 and 17 is respectfully requested.

PETITION AND FEE

No extension of time is believed to be required by this paper, but should any such extension be required, applicants request that this be considered a petition therefor. The Commissioner is hereby authorized to charge any fees required by this paper to deposit account 01-0483.

Respectfully submitted,

Date: 12/2/97
